Light any moment anywhere

Take smart light with you with the portable Hue Go. From a splash of color to a mood-setting centerpiece, the Hue Go lets you set the perfect ambiance. Works as a standalone light or as part of your smart lighting system with the Hue Bridge.

Limitless possibilities

- Sync your media to smart lights
- On-product control
- A truly portable smart light
- Dynamic, natural lighting effects
- Smart lights to wake you up and help you sleep

PHILIPS

Easy smart lighting

- Control up to 10 lights with the Bluetooth app
- Control lights with your voice*
- Create a personalized experience with colorful smart light
- Set the right mood with warm to cool white light
- Get the perfect light recipes for your daily activities
- Unlock full suite of smart light features with Hue Bridge

Highlights

Sync your media to lights

With the Hue Sync app and the Hue Bridge, you can bring your entertainment to new heights. Surround yourself with Philips Hue lights and turn on your movie, music, or game • and then watch your lights mirror the colors and rhythm.

On-product control

Change your light settings directly with the button on the back of the Hue Go. Simple press sequences allow you to cycle through different light settings or use the preset dynamic lighting effects, including the specially designed light recipes Read, Relax, Concentrate, and Energize.

A truly portable smart light

The Hue Go portable smart light can truly go wherever you want, thanks to its built-in, rechargeable battery. Bring this lamp along with you as you travel, use it as the centerpiece of a romantic dinner, or take it outdoors to enhance the atmosphere of your summer parties. Enjoy from 2.5 hours of brilliant smart lighting up to 18 hours when using the Cozy Candle light effect.

Dynamic, natural lighting effects

Amp up the ambiance of special moments with living light. Use dynamic light effects, such as Cozy Candle, Sunday Coffee, Meditation, Enchanted Forest, and Night Adventure to create the perfect mood in any situation.

Smart lights to wake you up and help you sleep

Connect your Hue Go to the Hue Bridge and let your lights mimic the sunrise in the morning with the Wake up routine, which slowly brightens your lights at a preset time to help you start your day feeling calm and refreshed. In the evening, set a Go to sleep routine, which gradually dims warm white lights and helps you prepare for a good night's sleep.

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room or just a single lamp.

Create a personalized experience with colorful smart light

Transform your home with over 16 million colors, instantly creating the right atmosphere for any event. With the touch of a button, you can set a festive mood for a party, turn your living room into a movie theater, enhance your home decor with color accents, and much more.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Get the perfect light recipes for your daily activities

Make your day easier and more pleasant with four preset light recipes handcrafted especially for your daily tasks: Energize, Concentrate, Read, and Relax. The two cool-toned scenes, Energize and Concentrate, help you get going in the morning or keep your focus, while the warmer scenes of Read and Relax help support comfortable reading or calm a busy mind.

Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting setup. Control your lights while away from home or add accessories such as motion sensors and smart switches.
