

400 Line 400lt Line Refrigerator 1 Door, White (R600a)

730050 (RM04PVFW)

1-door refrigerator 400lt,
0+10°C, prepainted white,
ventilated

730056 (R04PVFW)

1-door Refrigerator 400lt,
0+10°C, prepainted white,
ventilated, R600a

Short Form Specification

Item No.

Exterior in white painted steel. Interior in white High Impact Polystyrene with rounded corners and 45mm thick insulation. Right hinged full door with lock, reversible on-site. Built-in refrigeration unit; ventilated operating mode; automatic defrost and evaporation of defrost water; digital control and temperature display. For ambient temperatures up to 43°C. HCFC, CFC and HFC free insulation and R600a refrigerant gas. With 2 front feet and 2 back wheels. Supplied with n. 4 grids 600x400mm, PE coated.

Main Features

- Digital control panel allowing the easy and precise setting and control of the internal temperature.
- Shelf runners are thermoformed and are incorporated in the internal structure to be easily cleanable.
- Whole interior cell with rounded corners is white thermoformed polystyrene, which is impact resistant.
- Model requires only 1 phase 230V supply and can be plugged straight into an existing power socket.
- Very quiet operation.
- No joints whatsoever to eliminate dirt traps.
- Simple refrigeration system easily accessible from the rear of the units.
- Fan assisted cooling for even temperature distribution.
- Model equipped with roll-bond plate that has a plate installed in the internal backside of the unit equipped with a special thermostat to avoid ice formation.
- Connectivity ready for real time access to connected appliances from remote and data monitoring (requires optional accessory).

Construction

- Developed and produced in ISO 9001 and ISO 14001 certified factory.
- All models in range are finished in top quality materials to aid durability.
- CFC and HCFC free (ecological refrigerant type: R600a).

Included Accessories

- 2 of Pair of grids for 400lt refrigerator, white PNC 880292

Optional Accessories

- Pair of grids for 400lt refrigerator, white PNC 880292
- Pvc container with false bottom for 400lt PNC 881072

EU energy labelling from 1st July 2016

The European energy labelling scheme for professional refrigerators and freezers is based on requirements setting Minimum Energy Performance standards for commercial refrigeration cabinets sold within the EU. These requirements are designed to drive energy efficiency and environmentally friendly approach for professionals. The European energy labelling scheme will apply to all manufacturers and importers who sell and market products within the EU and it is mandatory across Europe.

Important: all products which consume energy above the minimum level will not be able to be sold within the EU from 1 July 2016.
