LINKSYS®
MESH WiFi 6 DUAL-BAND ROUTER
AX1800

Model: MR7350

Non-stop Streaming & Gaming for the whole family

The MR7350 is a powerful Mesh WiFi 6 Dual-Band Router perfect for households that thrive on entertainment. The latest WiFi 6 technology eliminates interference so you'll always have the strongest, clearest signal. Powered by Velop® Intelligent Mesh™ technology, the MR7350 delivers dedicated high-speed WiFi signals to multiple devices simultaneously throughout your entire home.

As your WiFi needs grow, simply add any Linksys Mesh WiFi product to expand your coverage. They all work seamlessly together, so there's no need to manually switch networks. The MR7350 WiFi 6 Router is so easy to set up with the Linksys App, you'll be streaming 4K video in a matter of minutes.

At a glance

- High-speed WiFi up to 1775 Mbps.
- 100% backward-compatible all existing WiFi enabled devices.
- Multiple people can stream and game simultaneously throughout your home*.
- Dual-Band router built with Intelligent Mesh™ Technology
- Add additional coverage by simply adding one or more Linksys Mesh WiFi product.
- Works with any ISP plan or modem.
- 2 year limited product warranty.

Key Features

Simultaneously stream, game and more
Eliminate buffering and lag. Multiple people can enjoy entertainment at the same time.*

High-speed
Quad-core CPU and Dual-band with MU-MIMO allows for up to 1775 Mbps.

Minimizes WiFi Congestion
Eliminates interference from neighboring networks with WiFi 6 technology that can isolate your network, and deliver the clearest signal available.

More Capacity to More Devices
WiFi 6 sends & receives multiple streams of data simultaneously, providing up to 4x more WiFi capacity.

Smarter Security
With automatic firmware updates, Parental Controls, and separate guest access, your network will always remain safe, secure, and up to date.

Easily Expandable mesh WiFi
Simply add any Linksys Mesh WiFi product to seamlessly expand your WiFi coverage at any time.

*Only limited by your internet subscription speed.

Monitor & manage your home WiFi from any mobile device with the Linksys App

Control your WiFi in real time, wherever you are.

The Linksys app is the command center for your WiFi. Use the Linksys app anywhere you have an internet connection to check connected devices, set up guest access, or keep your kids off the internet when they should be doing homework.

Linksys App at a glance

- View which devices are connected, and easily limit internet usage with Parental Controls.
- Assign bandwidth hierarchy with Device Prioritisation.
- Keep your WiFi secure with Automatic Firmware updates.
- Give guests access and share their password via text message.

Essential Features

Parental Control
Create device schedules, block certain websites or pause WiFi for homework.
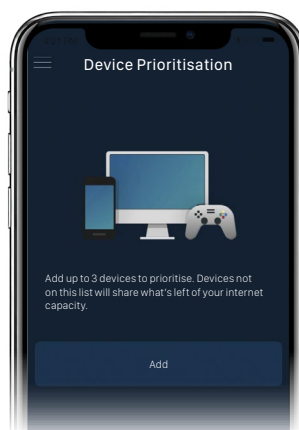

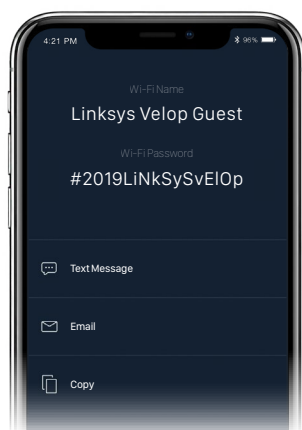

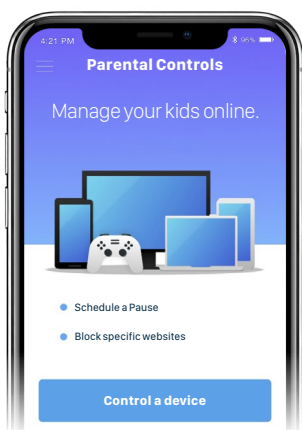

Guest Access
Easily share a guest network with visitors. Your main WiFi stays separated by a firewall.

Device Prioritisation
Prioritise streaming devices while your kids surf or play games.

Auto Firmware Update
Keep your WiFi safe and secure with Automatic Firmware updates.

Parental Controls
Manage your kids online.
- Schedule a Pause
- Block specific websites
