UPGRADE YOUR FAMILY DESKTOP PC

A DESKTOP KEEPING YOUR FAMILY CONNECTED

Discover the sleekly designed Lenovo™ IdeaCentre™ 510 desktop, which blends perfectly into your home in sophisticated Warm Silver. Whether you park it on a counter or tuck it away under a desk, it's sure to look great. But don't be fooled by the pretty face—this home PC has the power you need to boost your performance whatever your needs.

WHY YOU SHOULD BUY THE LENOVO IDEACENTRE 510

Power you can feel

The latest generation of Intel® Core™ i7 processing represents an enormous increase in performance from previous generations, offering up to a 40% improvement* with the 8th Generation Intel® Core™ i7 series.

Raise your game

The IdeaCentre 510 desktop PC offers a range of powerful graphics options that work in tandem with memory to significantly boost everyday performance. Whether you're playing games or just kicking back and streaming videos, you'll enjoy rich visuals with vibrant colors so intense you might just think they're real! What's more, you can kiss any screen tearing and stuttering goodbye.

Lenovo™

Get what you want

Customize your storage so you get just what you want—without paying for features you don't need. Select up to 2 TB SATA HDD to store thousands of videos, photos and files. Or choose a responsive PCIe or SATA SSD (up to 256 GB or 128 GB) for shorter boot up times and faster data transfer speeds.

Ports aplenty

Your monitor, keyboard, external hard drive, camera, and favorite speakers don't need to vie for available ports on the IdeaCentre 510. There are multiple ways to connect. Easily upload, transfer, display, and play your media.

* Software and workloads used in performance tests may have been optimized for performance only on Intel® microprocessors. Performance tests are measured using specific computer systems, components, software, operations and functions. Any change to any of those factors may cause the results to vary.
