HP 205 G3 All-in-One Desktop PC

Get everything you need with the stylish HP 205 All-in-One Business PC. Keep your work and workspace organized with this powerful, reliable, and affordable All-in-One.

HP recommends Windows 10 Pro.

- Windows 10 Pro [1]
- 2TB hard drive[2]

Reliability affordably priced

- Affordably meet the daily demands of work and clear away unwanted clutter from your desk with the reliable business ready HP 205 All-in-One.

Stylish design and easy setup

- Manage your workspace efficiently with this sleek, smart design with wireless networking for a cable free connectivity. The HP 205 is easy to setup and use; just unpack, place, plug in and get to work.

Powered for business

- Get more done with the latest AMD E-Series Quad-Core processors[3], and integrated AMD Radeon™ R2 Graphics for powerful performance at a great price.

Flexibility comes standard

- Your PC memory can work as efficiently as you do with support for up to 8GB[4] of DDR3 SDRAM memory, USB 3.0 ports, and HDMI out to connect devices that keep you productive.

Featuring

- Help secure the future of your modern business. Modern PCs from HP make the most of Windows 10 Pro to protect you from today's security threats and maximize management and productivity features for business.

- The HP 205 All-in-One is perfect for customer-facing locations with a high-gloss finish and conveniently positioned ports and connectors. The professional design will stand out without standing in the way.

- Collaborate easily with this feature packed, space-saving all-in-one.

- In today's data rich environment, businesses need all the storage they can get.

- Simplify technical support with Helpdesk by HP Care Services. Rely on cost-effective expertise that's available 24x7, covering multiple brands, devices and operating systems.

- Help maximize cash flow with a monthly subscription to use best-in-class hardware and services — plus, it allows you to replace your PC with a new one every three years.

Messaging Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://www.windows.com.
[2] For hard drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 36GB of system disk (for Windows 8.1) is reserved for system recovery software.
[3] Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. AMD's numbering is not a measurement of clock speed.
[4] Maximum memory capacities assume Windows 64-bit operating systems or Linux. With Windows 32-bit operating systems, memory above 3 GB may not all be available due to system resource requirements.
[8] HP Care Services are optional. Service levels and response times for HP Care Services may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.
[9] Financing and service offerings available through Hewlett-Packard Financial Services Company and its subsidiaries and affiliates (collectively HPFSC) in certain countries and is subject to credit approval and execution of standard HPFSC documentation. Subscriptions to use are available for 24 or 36 month terms. Rates and terms are based on customer's credit rating, offering types, services and/or equipment type and options. Not all customers may qualify. Not all services or offers are available in all countries. Other restrictions may apply. HPFSC reserves the right to change or cancel this program at any time without notice.

Technical Specifications Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See http://www.microsoft.com.
[2] This system requires a separately purchased 64-bit operating system and 64 bit software products to take advantage of the 64-bit processing capabilities of AMD technology Multi-core processing is designed to improve performance of the system. Given the wide range of software applications available, performance will vary.
[3] All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower.
[4] For systems configured with more than 3 GB of memory and a 32-bit operating system, all memory may not be available due to system resource requirements. Addressing memory above 4 GB requires a 64-bit operating system. Memory modules support data transfer rates up to 2133 MT/s; actual data rate is determined by the system's configured processor. See processor specifications for supported memory data rate.
[5] Wireless access point and Internet service required and not included. Availability of public wireless access points limited.
[6] For hard drives and solid state drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 16 GB (for Windows 7) and 36 GB (for Windows 8.1/10) of system disk is reserved for the system recovery software.
[7] Card sold separately
[8] HP ePrint Driver + JetAdvantage: HP ePrint requires an internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting.
[9] McAfee LiveSafe™: 30 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter
[10] McAfee LiveSafe™: Availability may vary by country
[11] HP Velocity: Availability may vary by country
[12] EPEAT® registered where applicable. EPEAT registration varies by country. See http://www.epeat.net for registration status by country. Search keyword generator on HP's 3rd party option store for solar generator accessories at www.hp.com/go/options
[13] External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.
