Highlights

32 mm speaker driver

The 32 mm speaker driver is a compact yet powerful element for delivering non-distorted sound with any given input power.

24k Gold-plated plug

Rest assured that the precious metal gold finishing on the plug will give you a more reliable connection for better quality audio.

CCA W voice coil

By using top-quality Copper Cladded Aluminium Wire (CCA W) in the headphone driver's voice coil, the sound quality is considerably improved.

Neodymium magnets

Neodymium is the best material for producing a strong magnetic field for greater sensitivity in a voice coil, better bass response and higher overall sound quality.

Comfort ear cushions

The special shape and luxurious materials used for the ear cushions of these Philips headphones ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Lightweight design

The durable, lightweight quality materials of these Philips headphones enhance comfort for extended wearing.

Rubberized earhook

The special soft-touch rubber that covers the earhook is both comfortable and secure.

Foldable neckband

The headphone can fold down to a small size for convenient storage when not in use.

Rear cable exit

The headphone cable is centered at the back of the neckband so you're hardly aware it's even there.
