

Jabra Elite 45e

Engineered for superior wireless calls and music

Conversations made clear.

Make crystal-clear calls with advanced 2-microphone technology that's proven to deliver superior wireless call performance. Jabra sound technology removes noise from calls – ensuring that your voice is heard clearly, and not the voices of those around you.

Music, the way you want to hear it.

With the adjustable equalizer in the Jabra Sound+ app you can personalize your music settings. The Elite 45e offers amazing sound for music – now you can make that sound truly your own.

The best fit for you.

The Elite 45e has a flexible memory wire neckband. It remembers its shape and contours to your neck, meaning you can bend the neckband and it will revert to its intended shape.

Power that meets your needs.

With up to 8 hours battery on a single charge, you have the freedom to make calls and listen to music throughout the day. You're set for the duration.

Built to work, guaranteed.

Elite 45e features an IP54-rated design, and a 2-year warranty against water and dust*. Wherever your day takes you, your activities won't prevent easy, reliable access to calls and music.

Voice command made simple.

Optimize your time at the touch of a button. Elite 45e features a voice button that instantly connects you to Alexa**, Siri® or Google Assistant™, allowing you to quickly get things done with voice commands – whether that be setting appointments, finding nearby events, or having your messages read back to you.
