

5-Outlet Power Strip with USB-A Charging - Schuko Outlets, 220-250V, 16A, 3 m Cord, Schuko Plug, White

MODEL NUMBER: PS5G3USB

5-outlet power strip with USB-A ports distributes electricity to home and office electronics and charges your mobile devices.

Features

42.5 cm Power Strip Delivers Electricity to 5 Devices at the Same TimeCompatible with standard electrical equipment, this Protect It!® power strip features five Type F Schuko outlets and a durable white plastic housing. It is ideal for powering almost anything with a compatible plug, including computers and mobile devices to appliances and power tools.

Charges 2 Mobile Devices with 2.1A of Shared PowerIn addition to AC outlets, this power strip provides USB charging for up to two mobile devices, including smartphones, tablets and e-readers. The USB-A ports eliminate the need for AC adapters for charging cords, leaving outlets available for AC equipment.

Designed to Give You Flexibility in Placing the Power Strip Where It's Most NeededThe power strip features a space-saving right-angle Schuko plug that helps you connect to a wall outlet located behind furniture that is placed flush against the wall. The plug is attached to a 3-meter power cord, which gives you more choices in placing the power strip away from the connected AC outlet.

Premium Safety Features Designed for Protecting Your Valuable EquipmentThe PS5G3USB features a lighted on/off switch that provides one-touch control over all connected devices. In the event of an overload, a 16-amp circuit breaker immediately shuts down the power strip to prevent equipment damage. The high-impact plastic housing is designed for the rigors of everyday use.
