Highlights

Installation-free dimming

Control your Philips Hue lights directly with the wireless dimmer switch. You can turn the lights on and off, switch between the four different light recipes and dim to the right brightness. Installation is quick, simple and hassle-free. All you have to do is pair the switch with the lamp and place the switch anywhere in your home. It's that easy.

Control up to 10 lights with the Bluetooth app

With the Hue Bluetooth app, you can control your Hue smart lights in a single room of your home. Add up to 10 smart lights and control them all with just the touch of a button on your mobile device.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room, or just a single lamp.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Get the perfect light recipes for your daily activities

Make your day easier and more pleasant with four pre-set light recipes handcrafted especially for your daily tasks: Energise, Concentrate, Read and Relax. The two cool-toned scenes, Energise and Concentrate, help you get going in the morning or keep your focus, while the warmer scenes of Read and Relax help support comfortable reading or calm a busy mind.

Unlock full suite of smart light features with Hue Bridge

Add a Hue Bridge (sold separately) to your smart lights to experience the full suite of Philips Hue features. With a Hue Bridge, you can add up to 50 smart lights to control throughout your home. Create routines to automate your entire smart home lighting set-up. Control your lights while away from home or add accessories such as motion sensors and smart switches.
