

ROTATE FROM LANDSCAPE TO PORTRAIT

BT8566

FLAT SCREEN TROLLEY WITH FLIP ROTATION FOR SAMSUNG FLIP®

As part of B-Tech's Designer Trolley range, the BT8566 is a high-end mounting solution ideal for the use of touchscreen displays such as the Samsung® Flip™*. The mount's rotational interface allows the user to easily rotate the display 90° for a smooth transition from landscape to portrait. Available in a choice of black, silver and white, with contrasting dual colour accents and a triangular shaped column. Cable management keeps finished installations looking neat and tidy. Non-marking, braked castors make repositioning quick and easy without marking or scuffing floor surfaces and AV components such as shelves can be fitted directly to the column to accessorise the install.

* For Samsung Flip 2 use with BT7550-SF2 adaptor arms
