HP DesignJet Studio Printer series

Design meets performance in the world's easiest large-format plotters[1]

*Product image may differ from actual product

Fits the way you live

- Design that performs, technology that stands out.
- Easily set up your plotter using your smartphone.

Extreme simplicity

- Print multi-size A3 and A1 or A0 projects automatically, without manually switching the media source.
- Save time with the world's easiest job submission[2]—send multiple files in one click with HP Click.[3]
- Print with confidence you'll get the results you expect with an intuitive driver and true print preview.

Fits the way you work

- Avoid waiting by the printer with high-speed printing as fast as 25 seconds per A1 plot.[4]
- Be more productive—save time from job prep to final print by printing your projects up to 2X faster.[2]
- Print your jobs and manage your plotter from virtually anywhere, anytime with the HP Smart app.
- Get high-quality results—HP Bright Office Inks plot up to 31% more line accuracy and up to 65% more gamut.[5]

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: http://www.hp.com/learn/ds

Messaging Footnotes

[1] The HP DesignJet Studio Printer series and the HP DesignJet T600 Printer series are the only solutions providing seamless printing of both large- and small-format sheets automatically in a multi-size print basket compared to competitive alternatives with comparable size and features as of January, 2020.
