

MPN: MC-PCIE-I350-QUAD1G

PCIe X4 Quad RJ45 Gigabit Ethernet NIC

The MicroConnect MC-PCIE-I350-QUAD1G is a high-performance 4-port RJ45 network card designed for seamless integration into your system via PCIe. This network card provides reliable and fast Gigabit Ethernet connectivity, making it an ideal solution for servers, workstations, and other applications demanding robust network performance. Benefit from enhanced data transfer speeds and improved network stability, crucial for demanding network environments. With over 20 years of experience, MicroConnect delivers pioneering innovation in connectivity solutions, ensuring premium quality at a fair price. This quad-port network card is a testament to European design and quality standards, allowing for easy installation and dependable operation.

- Bus type: PCI Express X4
- Chipset: Intel NHI350AM4
- Data rate: 10/100/1000Mbps
- System requirements: Windows Server 2003 / Server 2008 / Server 2012 Win 7 / Win 8 / Win 8.1 / Win 10, DOS, Linux, FreeBSD, Novell, UnixWare, OpenUnix 8

Specifications

Features	Chipset	Intel I350-AM4
	Host interface	PCI Express
Ports & interfaces		
Vendor information	Brand Name	MicroConnect
	Warranty	3 Year(s)
