

OMEN Spacer Wireless TKL Keyboard

Game on your terms, no strings attached

No wires, no worries. Now you can get a reliable and consistent connection, that's as fast as wired; and 100 million keystrokes guaranteed with CHERRY MX Brown Switches.

Wireless freedom, wired performance

Warp Wireless Technology gives every game a reliable and consistent 2.4 GHz connection with Zero-Lag technology, or easily flex to the secure wired cable.

Switches, not glitches

Enjoy the superb quality of CHERRY MX Brown Switches. They're lightning fast with a 1ms response time and ultra-durable, lasting up to 100 million keystrokes.¹

Battery life so long, you'll forget to sleep

Only 5 minutes of charging via USB-C[®] provides up to 6 hours of play time. And with a full charge of up to 75 hours, don't forget to sleep.²

¹ All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower.

² Based on HP internal testing charging via USB-C[®], number of usage hours calculated with keyboard backlighting off. Actual battery life will vary with use and environmental conditions, and will naturally decrease with time and usage.

³ Tested with Fortnite, War Thunder, and Warframe.

OMEN Spacer Wireless TKL Keyboard

Featuring

Desk space on point

Keep it tidy with the TKL design, detachable cable and magnetic palm rest, which make for easy storage, packing, and comfort.

No ghosting. Just playing.

100% anti-ghosting—with N-key rollover, press as many keys as you need at once and never miss a move.

Command central

Control lighting, macros, and customize your keyboard, all from the OMEN Command Center.

Put the lights on

Customize LED lighting and brightness easily on-the-go with a simple on/off key.
