

Toolless End Cap for Fiber Routing System, 120 mm (5 in.)

MODEL NUMBER: SRFC5CAP

Raceway end cap closes off the open end of a horizontal or vertical section of your data center's or network closet's fiber management system.

Features

High-Impact PVC End Cap Helps You Create Custom Fiber Cable Routing Schemes

The SmartRack® SRFC5CAP closes off an open end of a horizontal or vertical channel section in your fiber routing system. Made from durable, lightweight PVC material, this end cap connects using the included hardware. Screws and nuts tighten by hand with no tools required to help keep your fiber optic cables organized and complete a professional, finished look in your data center, network closet or industrial space.
