Product Description

The SA27 Privacy Screen Filter for iMac 27" helps protect your privacy, simply and easily. A washable, reusable adhesive makes installation – and re-installation – simple, with no unsightly bubbles. Protects privacy by limiting viewing angle to +/- 30°. Reduces harmful blue light by up to 22%, diminishes glare, improves clarity and protects from scratches and damage. Includes cleaning cloth and protective case to help prevent scratches when not in use.

Features

- A washable, reusable adhesive makes it easy to install, detach and reattach, with no unsightly bubbles.

- Limited viewing angle narrows the field of vision to +/- 30 degrees, helping keep the information on your screen private and reducing the chances of a visual data breach in the office or in public.

- Blue light reduction filters out harmful rays by up to 22%, easing eye strain and reducing the chances of interrupting sleep patterns.

- Low reflective coating reduces glare for improved clarity.

- Helps keep iMac screen free from scratches and damage.

- Includes cleaning cloth and protective case to help prevent scratches when not in use
