Communicate more effectively – no learning curve needed – with print plus scan and copy capabilities

\*Product image may differ from actual product

## CONVENIENT – Fast, agile, intuitive print/scan/copy

- Print documents fast – up to 26 seconds for A1 size prints.<sup>1</sup>
- Enjoy easy installation in the office, construction job site with the most compact large-format MFP.<sup>2</sup>
- Easily print project sets and PDF documents with HP Click printing software.
- Anyone can print smoothly from a smartphone or tablet with HP Mobile Printing.<sup>3</sup>

## TRUSTED – HP DesignJet quality and reliability

- Get HP DesignJet quality also in small-format sizes – print half-size documents with 50 sheet A4/A3 input tray.
- Smart scanning technology protects originals from damage when scanning and obtains precise colours.
- Reinforced design and strong legs for easy transport and use at the job site.
- Redesigned stand reduces CO2e up to 197 tons/year by units sold.<sup>4</sup>

## COMMUNICATION – Immediately share meeting results

- Use built-in scanner to copy and distribute sketches and hand-annotated drawings to peers/partners right away.
- Easily link your computer, smartphone, or tablet to the printer with Wi-Fi Direct.
- Share drawings immediately – scan/email from front panel, use HP Smart app<sup>5</sup> to email contacts, post to cloud.
- No learning curve – with the intuitive design of a single touchscreen, you can scan, copy, and share instantly.

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>

## Messaging Footnotes

<sup>1</sup> Mechanical printing time, printed in Fast mode with Economode on, using HP Bright White Inkjet Paper (bond) and Original HP Bright Office Inks.  
<sup>2</sup> The HP DesignJet T830 24-inch and 36-inch Multifunction Printers are the most compact large-format devices performing print/scan/copy functions based on H x W x L specifications published as of May, 2017.  
<sup>3</sup> Local printing requires mobile device and printer to be on the same network (usually Wi-Fi access points bridge wireless to wired connections) or have a direct wireless connection. Wireless performance is dependent on physical environment and distance from access point. Wireless operations are compatible with 2.4 GHz operations only. Remote printing requires an Internet connection to an HP web-connected printer. Wireless broadband use requires separately purchased service contract for mobile devices. Check with service provider for coverage and availability in your area. See <http://www.hp.com/go/designjetmobility> for more details.  
<sup>4</sup> Redesigned stand with reduced material usage and up to 30% weight reduction compared to the previous stand model used in the HP DesignJet T830 Multifunction Printer series. Based on calculations in accordance with ISO 14040/14044 Life Cycle Assessments using ReCiPe (H) v. 1.1 (2016) on GaBi 8.5 (2018) software and scaled to reflect expected yearly sales.  
<sup>5</sup> The HP Smart app is available for Apple® iPad, iPhone, and iPod Touch running iOS v7.0 or later and for Android™ mobile devices running Android™ v4.4 or later. The HP Smart app is available for free from the Apple® App Store for Apple® mobile devices and from the Google Play Store for Android™ mobile devices.
