- Tasty food in less time: no pre-heating required

Versatile, fast & compact

- Fry, bake, grill and roast your favorite foods at home
- Our most compact Airfryer, fits 0.8kg of fries
- Universal EasyClick handle - easily exchange accessories

Highlights

Inspiring recipes

The Philips Airfryer app is free and filled with delicious recipes and easy to follow step-by-step cooking instructions. Get inspired with quick, healthy snacks or meals for special occasions.

Dishwasher safe

To save time and ensure hassle-free cleanup, all removable parts are safe to clean in your dishwasher.

Fry with little or no oil

The Airfryer uses hot air to cook your favorite foods with little or no added oil, so you can fry with up to 90% less fat*. Enjoy great-tasting, crispy results like deep fried, with the least amount of fat.

Twin TurboStar technology

By combining a powerful heater and motor with our new Twin TurboStar technology, the hot air in the Airfryer swirls like a powerful tornado – throughout the entire cooking basket. Designed to extract more fat from your food and capture it all in the fat reducer for easy disposal. Philips Airfryer with Twin TurboStar technology also saves you and your home from the smell of fried oil compared to a regular fryer.

Versatile cooking

Not just great for frying, the innovative Philips Airfryer with Fat Removal technology also lets you grill, bake and even roast your favorite dishes for a one stop solution for all of your meals.

Crispy taste & 90% less fat

Proven performance. Make fries that are just as crispy as a traditional deep fryer with up to 90% less fat* in them. Roast chicken drumsticks for crispy skin and tender meat while removing fat.

Compact size, big capacity

You don't need a lot of space for an Airfryer. The new Philips Airfryer is 20%* more compact – but cooks the same amount of food that it always has. That's 0.8kg of fries, up to 4 portions. So you can easily keep it on your kitchen countertop, and use it everyday.

No mess or odor

Airfryer's QuickClean basket has a removable non-stick mesh for easy cleanup. Both the basket and removable drawer with non-stick coating are dishwasher safe – and frying with air saves you and your home from the odor of traditional deep-frying.
