

DATA SHEET

WIRED PERSONAL VIDEO COLLABORATION KITS

Logitech® Personal Video Collaboration Kits empower dispersed teams to stay engaged and aligned from wherever they work. The Essential Kit features the Zone Wired Earbuds and the C920e webcam, while the Wired Kit features the Zone Wired headset and the C925e webcam— both delivering superbly clearer calls and 1080p high-definition video for professional video collaboration and better productivity.

LOGITECH WEBCAM AND HEADSET COMBINATION

When hopping on a video call from a personal workspace, the right gear can make all the difference. The Zone Wired Earbuds and Zone Wired headset are specifically designed for noisy workspaces and paired with the C920e or C925e high-definition webcam in a pre-configured bundled solution. Together, they are compatible with virtually any video conferencing software, making them as easy to deploy as they are to use. Affordably priced for deployment at scale, both kits empower any size organization with tools to foster a culture of collaboration.
