Switches

The GK200 features mechanical feeling keys. The usual rubber domes of membrane keyboards have been upgraded with tactile sliders. This makes them superior to classic, rather squishy membrane keys: The keypress becomes more responsive and its snappy performance gives you feeling similar to mechanical keyboards.

Rollover & Anti-ghosting

Gaming action can become quite heated and fast-paced, requiring you to give a lot of input in a short amount of time. The 25-key rollover guarantees that your keyboard can register up to 25 simultaneous keystrokes. But if you press several keys at once, there is the risk of adjacent keys being unintentionally hit as well. Anti-ghosting prevents accidental keystrokes and makes sure that only your actual commands get registered.

Rainbow RGB

Great performance and high responsiveness are essential to keyboards but being visually pleasing is the icing on the cake. Rainbow RGB backlight lets your keyboard glow up and creates the typical gaming ambience.

Wrist rest plastic integrated

We all know that intense games can go well over 30 minutes. The integrated wrist rest supports you during lengthy gaming session and highly increases your comfort, no matter how long your raids last.

General

Model name	GK200
Product Line	AOC Gaming
Channel	B2C
Section	Gaming
Launch date	14-08-2020

Dimensions / Weights

Product Dimensions (L x W x H)	447 x 142 x 28 mm mm
Product weight	808 g
Packaging Dimensions (L x W x H)	461 x 168 x 53 mm mm
Packaging Weight	1115 g

Product Information

Size	Full size
Switch Type	Membrane Mechanical Feeling
Switch Keypresses Lifetime	TBC
Programmable Keys	No
Macro Keys	No
Media Controls	✓
Rollover	25-keys
Anti-Ghosting	25-keys
Polling Rate	1000Hz, 1ms
Illumination	16.8 million colours
On Board Memory	No
Top Cover Material	Metallic cover
USB Pass-through	No
Wrist Rest	Detachable, Magnetic

Warranty

Warranty Period	2 Years
-----------------	---------

Approbations / Regulations

CE	✓
EAC	✓

What's in the box?

What's in the box?	Gaming Keyboard, User Manual
--------------------	------------------------------

Compatibility

Operation system	Mac, Windows
------------------	--------------

Connectivity

Connectivity	Wired USB 2.0
--------------	---------------

Cable Type	PVC
------------	-----

Cable Length	1.8 m
--------------	-------
