

## BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

# ThinkBook Plus IML

Smarter  
technology  
for all

Lenovo

This unique dual-display ultraslim is designed to help today's multitasking workforce enhance focus and productivity. It features a 13.3" FHD display, a 10.8" e-ink display on the top cover, and an onboard digital pen. Users can now scribble notes during meetings, sketch to bring ideas to life, and review or annotate documents - without opening the laptop lid. Option to receive only essential notifications such as calendar appointments can help users stay focused during meetings.

## REASONS TO BUY

Manage VoIP calls effortlessly with Skype for Business® hot keys. Enjoy exceptional audio clarity and voice reception with HARMAN speakers and far-field microphones. There's also WiFi 6 technology - with compatible routers and access points, it can deliver faster internet speeds even in device-crowded environments.

Productivity boosting features include a full-function USB-C port for high-speed data transfers, device charging and to connect an additional 4K monitor, and Modern Standby that allows users to resume from standby almost instantly.

The power button has an integrated fingerprint reader, so users can power-on or wake the device, and securely authenticate themselves at the same time.
