### Product Description

Increase protection without creating barriers with the Kensington KGuard™ Monitor Mounted Desk Screen. KGuard™ is a clear acrylic sneeze guard fitted behind an arm-mounted monitor, requiring minimal fitting. The desk screen moves with the monitor unlike traditional office desk partitions and furniture and takes up no desk space. Three height adjustment settings to accommodate different sized monitors and provide optimal protection. KGuard™ surface can be used with dry wipe markers for note taking, reminders, as a whiteboard, etc. Cut-outs provide effective access for monitor cables whilst not compromising protection. Acrylic screen is 100% recyclable. Compatible with VESA 75/100 monitors up to 32".

### Features

- Clear acrylic sneeze guard\* (1200 x 3 x 740mm) – fits behind an existing monitor and monitor mount/arm to enhance Coronavirus protection and social distancing. \*Non-abrasive cleaning products may be used.
- Zero footprint – takes up no desk space and moves with the monitor arm
- Height adjustable – three settings accommodate different sized monitors and provide optimal protection
- Additional uses – KGuard™ surface can be used with dry wipe markers for note taking, reminders, as a whiteboard, etc.
- Cable cut-outs provide effective access for monitor cables whilst not reducing protection.
- Screen 100% recyclable – non-toxic, pure material that is easy to reuse or recycle.
