

PC 5.2 CHAT

Stylish multi-platform headset with adjustable microphone

The PC 5.2 Chat stereo headset is designed for e-learners and internet telephony users who desire multi-connectivity with their different devices. Proprietary transducer technology delivers high quality audio while the adjustable noise canceling microphone is designed with 180 degrees rotation and can be moved out of the way when voice chat is not needed.

The single 3.5 mm jack provides the simplicity of plug-and-play compatibility with devices that have a standard 3.5 mm communication port such as laptops, phones, PCs and tablets. This stylish on-ear headset is engineered for the rigors of daily use, yet meticulous material choice keeps it lightweight. The headband is designed to provide a comfortable and secure fit that keeps it on your head without slipping.
