Highlights

A stylish plug-and-play lamp

The Philips Hue Iris lamp offers a unique style that complements any home decor. Place the accent lamp anywhere in your home, washing the living room walls with colorful light or setting it on a bedside table for a gentle nightlight.

Beauty meets smarts

The iconic design of the Philips Hue Iris lamp has been reinvented. Available in black or white, the Iris features a fabric-wrapped cord, mixed materials, aluminum inner tube, and unique light effect — a wash of color with a gentle backlight — to create a sophisticated smart lamp.

Smart lights to help you wake up and go to sleep more naturally

Pair your Philips Hue Iris limited edition lamp with the Hue Bridge to unlock Wake up and Go to sleep routines, which help you fall asleep and wake up more naturally. The lamp's deep dimming capabilities paired with its diffused backlight allow you to wake up to your own personal sunrise in the morning as your lights gently brighten, or gradually dim warm white lights to help you drift off to sleep easier.

Control up to 10 lights with the Bluetooth app

Philips Hue with Bluetooth is the easiest way to get started with smart lighting. Set the mood instantly with Bluetooth-enabled light fixtures and the Hue Bluetooth app, which allows you to control up to 10 lights in a room.

Control lights with your voice*

Philips Hue works with Amazon Alexa and the Google Assistant when paired with a compatible Google Nest or Amazon Echo device. Simple voice commands allow you to control multiple lights in a room or just a single lamp.

Create a personalized experience with colorful smart light

Instantly set the mood for any occasion with 16 million colors of light. Transform any room for an immersive entertainment experience, create the perfect atmosphere for a get-together with friends, or complement your home decor.

Set the right mood with warm to cool white light

These bulbs and light fixtures offer different shades of warm to cool white light. With complete dimmability from bright to low nightlights, you can tune your lights to the perfect shade and brightness of light for your daily needs.

Get the perfect light recipes for your daily activities

Use the preset Philips Hue light recipes to fit your mood or activities throughout the day. Amp up the energy with the cool white light of the Energize light recipe in the morning or unwind with the subtle, soft light of Relax.

Unlock the full suite of smart lighting features with the Bridge

The Bridge unlocks the features that make smart lighting truly smart — away-from-home control, voice control, automated lighting, and much more. Add a Bridge to your setup to create immersive experiences, tap into technology that's secure and reliable, and more. The Bridge is the key to smart lighting like you've never seen before.
