Specifications

Connectivity

- Microphone: Built-in microphone
- Bluetooth profiles: AVRCP, A2DP, Hands-free, HFP, HSP
- Bluetooth version: 5.0
- Maximum range: Up to 10 m

Product dimensions

- Product dimensions (W x H x D): 7.2 x 4.4 x 3.6 cm
- Weight: 0.073 kg

Packaging dimensions

- Packaging dimensions (W x H x D): 9.5 x 17 x 5.5 cm
- Gross weight: 0.249 kg
- Net weight: 0.097 kg
- Tare weight: 0.152 kg
- EAN: 48 95229 10842 4
- Number of products included: 1
- Type of shelf placement: Both

Outer Carton

- Number of consumer packages: 24
- Outer carton (L x W x H): 44.8 x 37.7 x 19.6 cm
- Gross weight: 7.592 kg
- Tare weight: 5.264 kg
- GTIN: 1 48 95229 10842 1
- Net weight: 2.328 kg

Accessories

- Quick start guide
- USB cable: USB-C cable

Convenience

- Call Management: Answer/End Call, Call on Hold, Microphone mute, Reject Call, Switch between 2 calls

Power

- Battery type: Lithium-ion
- Talk time: 5 hr

Sound

- Acoustic system: Closed
- Diaphragm: PET
- Frequency response: 20 - 20,000 Hz
- Magnet type: NdFeB
- Sensitivity: 108 dB

Inner Carton

- Gross weight: 0.842 kg
- GTIN: 2 48 95229 10842 8
- Inner carton (L x W x H): 18 x 10.5 x 16.7 cm
- Net weight: 0.291 kg
- Number of consumer packages: 3
- Tare weight: 0.551 kg

Highlights

Hybrid Active Noise Cancelling

When the song deserves your full attention, these true wireless headphones let you immerse without distraction. One external mic and one internal mic combine to filter out external noise. Awareness Mode lets you bring the world back in when you need to.

Detailed, expansive sound

Perfectly tuned 13 mm drivers deliver powerful bass and thrilling clarity for every track. If you take an earbud out, the music pauses. Put the earbud back in and the music starts up again.

Compact charging case

The charging case can be charged wirelessly or via USB-C. A fully charged case gives you an extra 18 hours play time. The headphones will play for 6 hours from a single charge (5 hours with ANC). Charge them for 15 minutes to get 1 extra hour.

Refined geometric design

The circular earbud housing boasts a tactile quality and is designed to subtly catch the light, creating an elegant, understated look. The oval-shaped acoustic tube sits comfortably and securely in your ear and maximises passive noise isolation.

Mono mode

Two mics in each earbud focus on the sound of your voice, dramatically reducing noise from the world around you. If you're in a quieter place and don't need to block out noise while you're speaking, mono mode lets you use just one earbud to talk.

Philips Headphones app

Enhance the bass. Tone down the treble. The Philips Headphones app puts you in charge of the music you're listening to. Adjust levels yourself or choose from preset sound styles. You can also switch between preset ANC modes with a single tap.

Rock-solid connectivity

Your headphones are ready to pair the instant you take them out of the charging case. Once they're paired, they remember the last device they were paired with. Touch controls on each earbud makes it easy to control music, calls and volume. 241

Google Assistant

Simply tap the touch controls on the left earbud to wake the Google Assistant or any other voice assistant. The fully integrated Google Assistant lets you do more completely hands-free. Have notifications read to you, ask to play music-and more.
