Have a perfect espresso at the touch of a button

My Aroma Control for personal strength setting

This sophisticated coffee maker combines excellent quality in aroma with great design. The strength control feature allows you to brew your coffee to your taste whenever you want. The insulated jug keeps your coffee fresh and hot for longer.

Great taste and aroma
- 1400 Watt
- Unbreakable stainless steel insulated jug

Designed around you
- Strength select for adjusting the intensity of your coffee
- Decalcification indicator light

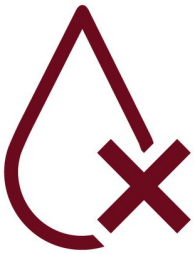
Easy to experience
- Drip stop to pour a cup of coffee whenever you like
- Direct automatic shut-off for energy saving and safety
- Detachable water tank for easy filling
- Swing filter holder for easy filling of coffee
- Cable storage for easy placement in your kitchen

Highlights

Strength select
Adjust the intensity of your coffee to mild, medium or intense coffee.

Decalcification indicator
The Philips coffee machine will remind you when to descale your appliance. Regular descaling ensures your coffee tastes its best and prevents build-up of limescale from tap water.

Drip-stop

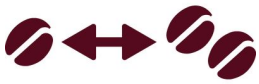


The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

Direct automatic shut-off

After brewing your coffee, the coffee maker switches off automatically for energy-saving and safety reasons. The thermal jug will ensure that the coffee stays hot.

Detachable water tank



The water tank is detachable, which makes it easy to fill up with water or clean the water tank.

Insulated Jug

The unbreakable stainless steel insulated jug of this Philips coffee machine maintains the perfect temperature and aroma for hours.
