Highlights

Universal standard

The original Philips s-bag® can be used for all Philips and Electrolux Group (Electrolux, AEG, Volta, Tornado) vacuum cleaners with bag. Skip the hassle of endlessly searching for a dust bag, simply look for the s-bag® logo.

High filtration capacity

The synthetic material of this vacuum bag filters up to 99% of dust and particles. It filters the air more efficiently than a normal paper bag and helps you get rid of airborne particles such as allergens.

Highly resistant material

The s-bag® Classic Long Performance is made of a highly resistant synthetic material, produced in Sweden.

Hygienic closing system

The patented closing system of the Philips s-bag® allows for easy and clean disposal, without spilling the trapped dirt that is inside.

Long-lasting performance

s-bag® Classic Long Performance lasts 50% longer than traditional paper bags. The special synthetic material of the bag and the 15% bigger capacity ensure optimum airflow to maintain the suction power of your cleaner for longer.
