- Packaging dimensions (WxDxH): 121 x 55 x 210 mm
- Weight incl. Packaging: 0.286 kg

Design

- Color: Black

Highlights

Tough and IPX7 waterproof

This portable Bluetooth speaker is IPX7-rated—which means it can withstand total immersion in water up to 1 m deep for up to 30 minutes. You can party in the shower, by the pool, or even in the pool! The wireless range is 20 m.

10 hours play time

Sound stays clear even when you play the music loud, and a passive radiator boosts the bass. You get 10 hours play time, and a full charge takes 2.5 hours. There's a built-in mic for calls, and the music pauses automatically when a call comes in.

Multi-color LED lights

Get ready to light it up! The speaker grille has LEDs that flash random colors in time to the music, and dim if you turn the volume down. The included carry strap makes it easy to tote the speaker. Or hang it from the handlebars of your bike.

Pick your colorway

Always do you. This compact Bluetooth speaker is available in several colorways, so you can rock your style wherever you go.
