

NGS WIRED KEYBOARD FUNKYV3

MULTIMEDIA KEYBOARD WITH 12 HOT KEYS

NGS FunkyV3 is a standard keyboard with USB connection. It includes 12 multimedia keys for an easy and fast access to computer functionalities and other common functions. Its black finish provides elegance and personality to the keyboard.

You will enjoy a comfortable and quiet typing experience thanks to the membrane keys that barely make a sound. Furthermore, it features an original and spill resistant design, offering lasting performance, approximately 10 million keystrokes.

This Kit is provided with **12 commonly used multimedia keys** that enable users with their daily computing tasks, such as: direct access to the Internet browser, computer sleep mode, volume control and mute, etc.

NGS FunkyV3 also includes sturdy folding legs to increase the keyboard tilt and a **1,4 m length** cable to address your personal ergonomic needs.

Finally, the device also incorporates **"Plug & Play"** function that permits to connect the computer immediately, no software needed.
