Rugged Remote

- The remote control operation mode enables control of 6000, SLM and ELM Series projectors.
  Even when the user menu on screen is switched off during the show, the off screen read out provides you with the necessary information. By connecting the Rugged Remote (wired) to an ELM or SLM lamp house, in the lamp read mode all the specific lamp parameters can be shown.

- Designed with all possible usage situations in mind, this rock solid working partner can also be mounted within a 19" equipment rack. A shoulder strap provides added convenience when climbing trusses.
  The handy carrying case contains the following items;
  *Rugged Remote
  *Charger
  *Supplementary mains plugs; UK/US/AUS
  *SUBD9 male/female adaptor
  *Lamp communication cable
  *Shoulder strap
  *Manual
