Highlights

Powerful sound

The crackle of laser-fire. The roar of a crowd. From movies to sports, this 300 W soundbar lets you get more out of the content you love. Three channels liberate the sound of your favourite shows. The powerful, slimline, wireless sub-woofer significantly enhances bass. Explosions will rumble and music sounds deep and rich.

Crystal-clear dialogue

The central speaker in this soundbar ensures dialogue is crisp, clear and beautifully balanced. You'll hear every word, whether you're in the corner seat or right in the middle of the room.

Dolby Digital

Be immersed in your favourite shows and movies. This soundbar with wireless sub-woofer supports the Dolby Digital surround-sound format for a more expansive and involving experience.

Your favourite tunes

Movie over? Time for a post-series-finale discussion? Once the on-screen drama has ended, switch the soundbar to Bluetooth and cue up a playlist. Or play your tunes straight from USB. You'll enjoy the same rich sound, whatever you love to listen to.

Distinctive design

The beautifully simple, geometric design and low profile make a statement in any home. When it comes to placement, the included wall brackets keep your options open. The slim design of the powerful sub-woofer makes it easy to conceal.

Any source

Connect via HDMI, audio-in, USB and more. HDMI-out (ARC) lets you control the soundbar with your TV remote.
