ThinkBook 15p IMH

Incredibly thin and light yet packed with modern features, this 15.6" notebook is built for the new-gen content creators who need to stay productive on-the-go. Up to 10th Gen Intel H-series processors and NVIDIA GTX 1650 graphics help power through day-to-day tasks with ease. Users can switch between performance modes – to conserve battery or drive extreme performance – with a simple keyboard shortcut. MIL-SPEC tested build and enhanced battery-life make it ideal for mobile use.

BUSINESS DEVICES THAT ARE A CLASS APART

ThinkBook combines the style and user experience of consumer devices with the security and business-class support of ThinkPad.

REASONS TO BUY

Smart features include the ability to power on the device by flipping the lid, improve video resolution for enhanced video playbacks, AI-based noise-cancellation and customizable voice pick-up modes for better audio during calls and a dedicated hot-key to access Lenovo support services quickly.

Choose the UHD HDR display option for exceptionally sharp and accurate visuals. It offers up to 600nits brightness, 100% Adobe RGB color gamut and optional factory colour calibration certified by X-Rite.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.
