FCC Compliance Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Use of Trademarks, Registered Trademarks, and other Protected Names and Symbols

This manual may make reference to trademarks, registered trademarks, and other protected names and/or symbols of third-party companies not related in any way to StarTech.com. Where they occur these references are for illustrative purposes only and do not represent an endorsement of a product or service by StarTech.com, or an endorsement of the product(s) to which this manual applies by the third-party company in question. Regardless of any direct acknowledgement elsewhere in the body of this document, StarTech.com hereby acknowledges that all trademarks, registered trademarks, service marks, and other protected names and/or symbols contained in this manual and related documents are the property of their respective holders.

Introduction

The USB3S2ESATA USB 3.0 to eSATA Adapter Cable allows for connecting an external SATA (eSATA) device or enclosure to a host computer through USB 3.0 in a single convenient package. Integrated USB 3.0 and eSATA cables and no external power source or driver installation required, means a simple and hassle-free installation. No assembly required or having to search for the right cable.

With support for SuperSpeed USB 3.0 connectivity at transfer rates up to 5 Gbps (10 times faster than USB 2.0) and backwards compatible with USB 2.0, this adapter provides a fast and easy-to-use Plug-and-Play experience for home, office or laptop users alike. Compatible with any type of single drive/volume eSATA device, this versatile adapter is backed by a StarTech.com 2-year warranty and free lifetime technical support.

Packaging Contents

- 1 x USB 3.0 to eSATA adapter
- 1 x Instruction Manual

System Requirements

- USB enabled computer system with available USB type A port
- Microsoft® Windows® 2000/XP/Server 2003/Vista/Server 2008 R2/7/8/8.1 (32/64-bit), or Apple® Mac® OS 9.x/10, or Linux®

Installation

WARNING! Hard drives and storage enclosures require careful handling, especially when being transported. If you are not careful with your hard disk, lost data may result. Always handle your hard drive and storage device with caution. Be sure that you are properly grounded by wearing an anti-static strap when handling computer components or discharge yourself of any static electricity build-up by touching a large grounded metal surface (such as the computer case) for several seconds.

Hardware Installation

1. Connect the eSATA end of the adapter cable into an eSATA port on the external storage device, while it is powered off.

NOTE: Port Multiplier support is **not** available, so only a single disk/volume from the eSATA device will be detected.

2. Turn on the external storage device.
3. Connect the USB end to an available USB port on the host computer. The adapter will operate at the native speed of the USB port (i.e. USB 2.0 port: 480 Mbps, USB 3.0 port: 5 Gbps).

NOTE: If the eSATA port on the host computer supports Hot-Plugging / Plug-and-Play operation, the computer can be running when the cable is plugged in. Otherwise connect the cable before turning the computer on.

4. The computer system will automatically detect the storage device and install it. No additional driver installation is required for the adapter cable.
5. Once successfully installed, the Link LED on the adapter will light up. The external storage device is now ready for use.

Hardware Removal

Stop the external storage device through the operating system by either unmounting the storage volume (Mac OS) or stopping the USB device (Windows).

Once the storage device has been stopped, it can be safely turned off or the adapter cable disconnected.

Specifications

Host Interface	USB 3.0 revision 1.0
Chipset ID	LucidPort USB300
Connectors	1 x USB 3.0 type A male 1 x 7-pin eSATA female
LEDs	1 x Link/Activity
Compliant Standards	SATA revision 2.0
Maximum Data Transfer Rate	USB 3.0: 5 Gbps eSATA: 3 Gbps
Port Multiplier Support	No
Operating Temperature	0°C ~ 50°C (32°F ~ 122°F)
Storage Temperature	-20°C ~ 60°C (-4°F ~ 140°F)
Humidity	5% ~ 85% RH
Cable Length	USB: 1m / 3.3ft eSATA: 30cm / 1ft
Weight	77g
Compatible Operating Systems	Windows 2000/XP/Server 2003/Vista/ Server 2008 R2/7/8/8.1 (32/64-bit), Mac OS 9/10, Linux

Technical Support

StarTech.com's lifetime technical support is an integral part of our commitment to provide industry-leading solutions. If you ever need help with your product, visit **www.startech.com/support** and access our comprehensive selection of online tools, documentation, and downloads.

Warranty Information

This product is backed by a two year warranty.

In addition, StarTech.com warrants its products against defects in materials and workmanship for the periods noted, following the initial date of purchase. During this period, the products may be returned for repair, or replacement with equivalent products at our discretion. The warranty covers parts and labor costs only. StarTech.com does not warrant its products from defects or damages arising from misuse, abuse, alteration, or normal wear and tear.

Limitation of Liability

In no event shall the liability of StarTech.com Ltd. and StarTech.com USA LLP (or their officers, directors, employees or agents) for any damages (whether direct or indirect, special, punitive, incidental, consequential, or otherwise), loss of profits, loss of business, or any pecuniary loss, arising out of or related to the use of the product exceed the actual price paid for the product. Some states do not allow the exclusion or limitation of incidental or consequential damages. If such laws apply, the limitations or exclusions contained in this statement may not apply to you.

Hard-to-find made easy. At StarTech.com, that isn't a slogan. It's a promise.

StarTech.com is your one-stop source for every connectivity part you need. From the latest technology to legacy products — and all the parts that bridge the old and new — we can help you find the parts that connect your solutions.

We make it easy to locate the parts, and we quickly deliver them wherever they need to go. Just talk to one of our tech advisors or visit our website. You'll be connected to the products you need in no time.

Visit www.startech.com for complete information on all StarTech.com products and to access exclusive resources and time-saving tools.

StarTech.com is an ISO 9001 Registered manufacturer of connectivity and technology parts. StarTech.com was founded in 1985 and has operations in the United States, Canada, the United Kingdom and Taiwan servicing a worldwide market.
