HP U28 4K HDR Monitor

Built to bring your vision to life.

Experience the best quality while producing your best creative on this 28" (71.12 cm) 4K¹ HDR monitor. Whether you're creating for web, print, or photography, ensure your content is seen exactly as you intended. With factory color calibration, enjoy color accuracy you can count on. Now, you can always stay comfortable while working with height adjustability and swivel capabilities. Plus, you'll always be keeping the environment in mind when designing with a display built with recycled ocean-bound plastics².

Picture-perfect details

It's the details that make all the difference. Built with an IPS panel, HDR and wide viewing angles, this 4K¹ monitor lets you create picture-perfect content as clear as the eye can see.

True-to-life color

Get your creative juices flowing using a monitor that's optimized and ready to create with factory color calibration for color accuracy you can trust. Take your content to the next level with presets like sRGB and Display P3. Plus, with HP Eye Ease, enjoy an always-on blue light filter that doesn't impact color accuracy.

Designed for a clean, customized workspace

Customize your workspace around your creative needs. Now you can produce your best content and stay comfortable with full function adjustability. Plus, create a clutter-free space by using a single USB-C^{®3} cable to plug into multiple devices.

Create with a small carbon footprint

Create towards a smaller carbon footprint using a display that's built with recycled ocean-bound plastics equating to more than 3 plastic water bottles². And one step further, even our packaging is sustainably sourced and recyclable⁴.

HP U28 4K HDR Monitor

Featuring

Ultra High Definition 4K

Experience cinematic quality with the incredible definition of 4K.¹

Factory Color Calibration

True color accuracy with a color-calibrated 4K display. 1

Ultra-broad color range

Easily switch between sRGB for ideal color reproduction and DCI-P3 for deeper hues and a wider color gamut.

HP Eye Ease

An always-on blue light filter that keeps your eyes comfortable with zero impact on color accuracy.

Power delivery with USB-C™

View your content on the big screen and charge your device at the same time.³

Step up to the best

IPS technology brings you clear views from almost any angle. Every seat is the best seat in the house.

VESA Certified DisplayHDR 400

Brighten your screen with enhanced contrast for a lifelike visual experience.⁵

Adjust your view

Adjust your screen's height with swivel, pivot and tilt capabilities.

Compact, sleek design

Slim design and single connection gives you more room for an enhanced computing experience.

Virtually edge-to-edge panel

A virtually edge-to-edge panel means maximized screen area and expansive entertainment.

Extensive port connectivity

HDMI, DisplayPort™ and a USB 3.0 hub deliver advanced connectivity for the latest hardware and accessories.⁶

Share the panoramic view

Ultra-wide 178-degree viewing angles with consistent detail and vibrant color.

Cable Management

Cord and wire pass-through located on the display stand reduces cord-clutter and helps keep your workspace clean and organized.

Amazing clarity with 10,000,000:1 dynamic contrast ratio for richer colors and clarity.⁷

Off the desk and on the wall

VESA mounts for easy mounting on a wall or arm. 8

AMD® FreeSync™ technology

Makes display stutter, input lag, and screen tears ancient history. 9

Easily personalize and adjust your display.

Customize your display with easy, intuitive HP Display Center software that lets you tailor your settings, partition screens, and even dim the screen.

Included headphone jack

Easily plug in your headphones for a more lifelike experience.

⁵ DisplayHDR™ is the high-performance Monitor and Display Compliance Test Specification from VESA specifying HDR (High Dynamic Range) quality. See http://displayhdr.org for more details.

[°] DisplayPort" is the high-periormatice Monitor and Display Computative lest specification from vess specifying high Kingli object quality. See http://display.

O DisplayPort" and the DisplayPort "Blogo are trademarks owned by the Video Electronics Standards Association (VESA®) in the United States and other countries.

All performance specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary, either higher or lower is the provided by HP's component manufacturers.

Datasheet

HP U28 4K HDR Monitor

Messaging Footnotes

- ¹ 4K content required to view full 4K images.
 ² Display contains 5% ocean-bound plastics, the equivalent of more than three 16 oz. recycled plastic water bottles.
 ³ USB Type-C®and USB-C®ard USB-C®ard user trademarks of USB Implementers Forum.
 ⁴ 100% outer box/corrugate cushion packaging made from sustainably sourced certified and recycled fibers. Fiber cushions made from 100% recycled wood fiber and organic material. Excludes plastic bags and plastic foam sheeting.

Technical Specifications Footnotes

¹ DisplayPort 1.2 or HDMI 2.0 required to drive panel at its native resolution.
