Highlights

ComfortGlide rings

Shaving heads are surrounded with ComfortGlide rings, a special protective coating with skin gliding properties, to shield your face from irritation.

SkinProtect blades

With up to 90,000 cutting actions per minute, the SkinProtect blades deliver a close shave with fewer passes* for more comfortable skin. The 45 high-performance blades are self-sharpening for a consistent shave every time.

360° contour heads

Fully flexible heads turn 360° to follow your facial contours. Experience optimal skin contact for a thorough and skin-friendly shave.

Shave wet & dry

Get a convenient dry shave or a more refreshing wet shave with gel or foam - even in the shower.

Pop-up trimmer

Refine and define your mustache and sideburns with the pop-up trimmer—and complete your look with ease.

60 minutes of cordless shaving

Use your shaver at home or on-the-go for up to 60 minutes on a 1-hour charge - that's about 20 shaves. Or a 5-minute quick charge gives enough power for one shave.

Smart Hair sensor

The intelligent sensor reads facial hair density 125 times per second and auto-adapts cutting power for an effortless and gentle shave.

Motion Control sensor

Motion-sensing technology tracks how you shave and guides you to the optimal movements. After just three shaves, the majority of men achieved a better shaving technique for fewer passes**.

One-touch open

Clean your electric shaver with the touch of a button. Simply flip open the shaver head and rinse with water.

Intuitive display

The intuitive display shows the information you need to get the best experience from your shaver. The LED interface includes: 3-level battery status, cleaning advice and travel lock indicator.

Personalization via app

Pair your Philips electric shaver to the GroomTribe app and prepare to master your technique. Just track your progress and personalize your routine to achieve a shave that's both close and kind.
