

HP 635 Multi-Device Wireless Mouse

The mouse that's ready for anything

On the road. In the office. With one device or many. However you work, and whatever you work on, this is one mouse that's ready for anything. Comfortable and customizable with programmable buttons, it also includes Bluetooth® connectivity for added flexibility.

Connects with 3 devices

Reconnecting your mouse every time you switch devices is so yesterday. Pair the HP 635 Multi-Device Wireless Mouse with up to 3 different devices using a USB® Nano dongle or pair it with up to 2 devices using Bluetooth®. You can even move a document from one device to another¹.

Made for customization

The way you work and your ideas are unique and now your mouse can be too. Customize it with 4 programmable quiet-click buttons to trigger specific functions or even different commands within different applications². You can also set scrolling the speed just how you like it - from normal to hyper-fast.

Road ready, compact design

Don't let its compact design fool you. This is one mouse that's ready to hit the road and go wherever work takes you. A custom-fitted case keeps it protected if you're on the move and its small size fits easily in carrying cases and bags.

Power and performance

No matter how many features a mouse may have, if it drains power quickly, that's a problem. Rest assured, with a long lasting, replaceable battery and intelligent stand-by mode when not in use, you'll have up to 12 months of battery life³ to power through projects.

HP 635 Multi-Device Wireless Mouse

Ditch the mouse pad

Mouse in places unimaginable with the track-on-glass sensor that enables navigation on almost any flat surface, even glass.⁴
