

Yealink

Yealink ZVC400 Zoom Rooms Kit

For Huddle and Small Rooms

ZVC400 Zoom Rooms system is a bundle video solution designed for immersive Zoom meetings in small meeting rooms. Together with 8 MEMS microphone arrays and speaker, 133 ° field of view camera with AI technology including face detection, sound localization, and speaker tracking, the ZVC400 Zoom Rooms system provides users with high-quality video and audio experience. With high-performance MCore, an enhanced touch panel MTouch II, and a USB video bar UVC40, ZVC400 ensures an easy deployment and excellent Zoom meeting for small meeting spaces.

If you need assistance or have questions, please contact us via zoominfo@yealink.com

Keep Everyone Engaged in Smart Video Meeting

The Yealink UVC40 is equipped with AI technology, including Auto Framing and Speaker Tracking. With the 133° wide-angle lens and Auto Framing, the UVC40 can recognize the number of and the position of attendees, framing everyone smoothly in the most appropriate view even in small spaces. The Speaker Tracking technology with 20MP camera, brings a vivid face-to-face meeting in a high-definition visual experience. In addition, with a electric lens cap, the UVC40 camera can automatically turn on and off with the aid of its detection function, securing the privacy for your conference rooms.
