IMPACT 5000 Series

IMPACT SDW 5036 / 5035
IMPACT SDW 5034 / 5033

Meet the future prepared

IMPACT SDW 5036 is a single-sided wireless DECT headset for modern office professionals, providing next generation communication quality, future-proof device flexibility, all-day wearing comfort and advanced security to modern work environments. For all-day users, talk time is extended through increased battery performance and comfort enhanced with headband wearing style and soft leatherette ear pad. IMPACT SDW 5036 meets the challenges of evolving modern workplaces by providing a communication tool that lives up to users' expectations for multi-device usability, security and seamless customer interaction.

Modern office workers require mobility in the office and the ability to hold ad hoc collaborative meetings. Using multiple devices and often sitting at different desks, today's knowledge workers demand a flexible, personal communication solution that simply works. IMPACT SDW 5036 helps them meet the future prepared with the ultimate business communication tool.

– Superior sound:
  Natural, rich sound with super wideband audio

– Total flexibility:
  A hub for all your people, audio sources and headsets

– Higher productivity:
  Busy light and advanced collaboration features

– Enhanced security:
  With protected pairing and DECT Security certification

Key benefits & features

Crisp and natural sound with super wideband,
for voice clarity that exceeds conventional business standards

Exceptional speech intelligibility
with two microphone noise-cancelling system and pioneering own-voice detection technology

Sound clarity in high density environments
with high density wideband mode

Hearing protection from acoustic shock
by ensuring that the sound pressure level does not exceed 118 dB

Manage all calls from one headset
with triple connectivity to softphone/PC, desk and mobile phone*

Maximum flexibility via one single base station
– works with all IMPACT SDW 5000 headsets and connects to a EPOS Bluetooth® headset or a wired headset or speakerphone

* Connectivity depending on product variant

IMPACT 5000 Series

Superior sound

Successful communication is the key to an efficient business. The IMPACT SDW 5000 Series sets a new sound standard and features super wideband sound offering a voice experience beyond conventional business standards. Hear conversational nuances and experience a natural and richer sound for both communication and multimedia. Two microphone noise-cancelling system and pioneering own-voice detection technology deliver exceptional sound for improved speech intelligibility in noisy environments. A new wideband mode for communication in high density environments provides excellent sound for more users.

Higher productivity

IMPACT SDW 5000 Series offers an array of smart features to enable seamless communication and collaboration for improved productivity. The busy light on the headset helps users to remain undisturbed during calls and conferences, and the soft ear pad provides noise damping to reduce distractions. Smart headset and base station controls deliver easy call management. The cloud-based EPOS Manager puts IT managers in control of all EPOS devices and manages assets, updates and configurations from one location. The IMPACT SDW 5036 is UC optimized and certified for Skype for Business to maximize productivity.

Total flexibility

Answer all calls from a single device. With up to triple connectivity for softphone/PC, desk phone and mobile devices, the IMPACT SDW 5036 allows users to choose their own combination using the base station as a gateway to their preferred audio sources. It's also possible to connect a wired EPOS headset/speakerphone or a Bluetooth® headset (via the BTD 800 USB dongle) using the USB port on the base station. IMPACT SDW 5036 features a soft leatherette ear pad for all-day wearing comfort for those preferring a single-sided solution that keeps them aware of their office environment.

Enhanced security

Security is a primary concern for a company's IT manager. IMPACT SDW 5036 comes with advanced security protocols to ensure that all communication is kept confidential. The IMPACT SDW 5000 Series is DECT Security certified* and designed with special focus on secure pairing, the most vulnerable part of a wireless system. The authentication process uses 128-bit keys and Protected Pairing ensures that sensitive pairing data cannot be intercepted over-the-air. EPOS Manager allows the IT manager to disable Bluetooth®, call merging and conferencing mode if required.
