2 TB

SPECIFICATION

The HL100 SSD offers 450 MB/s in reading and 420 MB/s in writing. SSD GOODRAM HL100 is available in following capacities: 256GB, 512GB, 1024GB and 2048GB, therefore it is perfect for both home and business use.

OPERATING PARAMETERS

450 MB/s

MAX READ SPEED

420 MB/s

MAX WRITE SPEED

BIG CAPACITY, SMALL DIMENSIONS

Due to its attractive capacity and speed, HL100 SSD can be used as an alternative to USB flash drives. The external SSD has small dimensions: 92mm x 46mm x 9.2mm, comparable to a payment card, which, combined with shock resistance, increases the possibilities of its mobile and safe use.
