# **ThinkCentre M70t**

New design with enhanced security features, more storage options and 128MB memory capacity. Compared with the previous generation product, volume has been reduced from 15L to 13.6L without compromising productivity; install up to 3 storage devices (including 2x HDD and 1x PCIe M.2 SSD) and up to AMD Radeon RX 550X graphics, still with space for an optical drive, additional PCIe card and brackets for optional ports.

# MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

ThinkCentre M7 Series desktops offer enterprise security features, a wide range of configurations and expansion options, and reliability trusted by leading businesses across the globe.

## **REASONS TO BUY**

Enhanced security features include individual USB port disablement and Smart USB Protection (preventing data from being copied via USB ports). Physical security includes an optional Chassis eLock which locks the chassis from inside, and an optional Smart Cable clip which secures peripheral cables onto the chassis.

Smarte

for all

technology

Lenov

Even on models without a graphics card, this desktop supports multitasking across 3 displays with 2x DisplayPort and 1x HDMI. Connect peripherals with 9x USB ports, including a USB-C port supporting 15W charging power.

Optimized to reduce power consumption, saving you money and reducing environmental impact. Features Energy Star and EPEAT Silver certifications. TUV low noise and TCO certified for lower cost of ownership.
