Highlights

Digital answering machine

With a digital answering machine, you'll never miss a call or message.

30-minute recording time

Records up to 30 minutes of incoming messages

Illuminated message-counter

Just look at the base station to instantly know whether you have received any messages.

Icon-driven color menu

All functions are grouped into several menu items that are symbolized by a colored icon. This facilitates navigation and use of the phone.

Selectable wallpapers

An illustration is worth more than a thousand words. Scroll through the selection of images integrated into the handset. Select the one that best suits your mood of the day and have it displayed as a background on your screen.

Great for gaming

Let your phone be your stress relief. Sit back, select a game and set a new high score!

SIM-card copying facility

With the SIM-card copying facility, you can transfer your whole mobile-phonebook on to your home telephone in a matter of seconds.

Keep in touch by SMS texting

The SMS is a simple way to exchange information over the telephone line. You first type your text off-line and when you are ready, you send it to as many people as you like.
