## e-Board EHA column system for e-Board Touch 2 85inch,91inch

- Designed for ergonomic use of Legamaster e-Board Touch and projection board solutions
- Set desired board height at the touch of the button
- The weight of the construction rests on the floor, making the system suitable for use in rooms with non-rigid walls
- Solid design with high-quality LINAK® electrical lifting column for safe and reliable use
- The stand has sufficient space to house PCs with smaller form factors
- Designed with special cable-management solutions and special cover that hides the controller and, for example, a multiple socket outlet
- Slot for Kensington® type cable locks to secure your equipment
- Low operation noise level
- The small version is the ideal solution in situations where the e-Board has to be used by both small children and adults
