# Highlights

## Smoke-free grilling

Excess grease and food particles are drained through slots in the grilling plate. They are absorbed by water in the removable tray, which prevents them from burning and causing smoke.

## Integrated heating element

Heating element is integrated in the grilling plate, which guarantees instant and evenly distributed heat directly to your food. For tasty and evenly grilled results.

## Large grilling surface

Large grilling surface for family-sized servings

## Integrated on/off switch

On/off switch integrated in thermostat for additional safety

## Dishwasher-safe parts

Dishwasher-safe parts make cleaning easy.
