ThinkCentre M70a

With its sleek design and cable-routing system that hides cables inside the rear of the device, this 21.5" all-in-one will modernize any space. Optimized for web conferencing with a 1080p camera, it also has an optional IR camera which not only supports facial recognition, but also helps to protect confidential information - alerting users to 'shoulder surfers', and automatically blurring the screen when they are not looking at the display themselves.

MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

ThinkCentre M Series All-in-One devices offer powerful configurations, space-saving design and enterprise security and manageability features.

REASONS TO BUY

Modern Standby allows the device to receive data, when inactive or in sleep mode - so emails and web-based applications remain up to date and ready to use immediately. Also supports both Cortana and Amazon Alexa for Business voice assistants for hands-free operation.

Has a total of 7x USB ports including 1x USB-C port on the side of the screen, which can be used to charge mobile devices, along with a dedicated smartphone holder in the base.

Optimized to reduce power consumption with Energy Star 8.0 and EPEAT Silver energy efficiency certifications.

ThinkCentre M70a

SECURITY & PRIVACY

Chassis Intrusion Switch
IR Camera with Windows Hello
ThinkShutter camera privacy cover
Hardware TPM 2.0
Kensington lock slot

Privacy Alert alarm (requires IR camera)
Smart USB protection
Individual USB port disablement

Recommended for this device

Lenovo Desktop Privacy Filter from 3M

Patented microlouver technology darkens the screen at specific angles to protect against visual hackers

Available in a range of sizes. Includes adhesive strips for easy residue-free removal and multiple on-and-off uses

Reduces glare from bright computer screens and overhead lights

Lenovo Kensington MicroSaver Cable Lock

Cut-resistant cable lock to protect against device theft; 5ft/1.5m cable anchors to desk, table or any fixed structure

Tamper-resistant, disk-style lock provides near-impenetrable theft protection, but still allows users to pivot and rotate devices

Fits a wide range of devices and docking solutions based on the Kensington slot design. Dual head locks available to secure 2 devices to one cable
