

C3 SERIES

SLIM AV CREDENZA

10" deep wall mount credenza supports ADA-compliant installations of smaller AV systems, with optional integrated display mount system.

FEATURES

- Frame to Furniture™ design complements the ideal installation workflow
- Fully assembled Frame ships first, allowing for timely installation and integration of AV/IT equipment, with Wood Kit shipping separately to protect from damage during integration
- Low-profile wall mounted design supports ADA-compliant technology installations
- Available in 1, 2, 3 and 4 bay models in 24" (610 mm) and 32" (813 mm) heights
- Available in Moderno style
- Many standard, stocked High Pressure Laminate finishes available, and custom HPLs also optional
- Single and Dual Display Mounts co-developed with Chief use the Fusion™ Modular Extrusion and are compatible with many accessories for Vaddio camera mounting and more

3-Bay 32" C3 Slim Credenza
(shown with optional C3 Dual Display Mount
C3-32-LD2U)

Wood Kit
ships
separately

SPECIFICATIONS

C3 Series Credenza woodkit shall be Middle Atlantic Products model # C3K_D_____ (refer to chart). C3 Series Credenza woodkit shall be compatible with a separate C3 Series Credenza steel frame, model # C3-FF____ (refer to chart). C3 Series Credenza steel frame ships in advance of the woodkit. C3 Series Credenza woodkit and steel frame shall be available in 1, 2, 3 or 4 bay configurations. Overall dimensions of C3 Series Credenza shall be ___" H x ___" W x 10" D (refer to chart). C3 Series Credenza steel frame shall be finished in a durable black powder coat. C3 Series Credenza steel frame total weight capacity shall be 60 lbs. [27.2kg], per bay with 50 lbs. [22.7 kg] mounted inside, 10 lbs. [4.5 kg] on top. C3 Series Credenza steel frame shall be wall mounted with a minimum 1" [25 mm] distance from the floor. C3 Series Credenza woodkit shall be available in Moderno style. Front doors shall be solid and provide sufficient gaps for ample air exhaust. C3 Series Credenza steel frame shall include qty ___ (refer to chart) Lever Lock™ plates, model # LL-VP2110 for small device mounting. Front doors shall include magnetic catch and keylock options on configurable C3 Series Credenza woodkits, and as standard on preconfigured C3 Series Credenza woodkits. C3 Series Credenza woodkit shall come standard with a color-coordinated steel panel with laser knockouts, model # C3-HPNL-____-___ (refer to chart). Laser knockouts shall accommodate C3 Series Credenza Display Mounts uprights to allow for attachment to C3 Series Credenza steel frame, model # C3-___-LD_U (refer to chart). C3 Series Credenza wood kit top, bottom and sides of surround cabinet shall be constructed of 1" thick triple refined MDF or Particle Board, doors shall be constructed of ¾" thick triple refined MDF or particle board. C3 Series Credenza steel frame shall have 4 rackspace stationary (model # C3TECHKIT4-ST) and slide out (model # C3TECHKIT4-SO) rack options, both of which include (1) 7 outlet, 15 Amp power strip with 10' [3 m] power cord, 50 CFM [23.6 L/s] DC thermostatically controlled exhaust fan kit powered on at 87°F [30.5°C] and turn off at 85°F [29.4°C] maximum one per bay and have a weight capacity of 50 lbs. [22.7 kg] C3 Series Credenza shall be GREENGUARD Gold Certified. C3 Series Credenza shall be RoHS 3 compliant. Credenza shall be manufactured by an ISO 9001 and ISO 14001 registered company. Credenza frame shall be warrantied to be free from defects in material or workmanship under normal use and conditions for the lifetime of the rack, fans shall be warrantied for a period of three years and wood panels shall be warrantied for a period of 7 years.
