Philips Series 2000i 2-in-1 air purifier and humidifier

#### Auto, Sleep mode & app

#### AC2729

## Breathe the difference

Visualize and control your air - anywhere, anytime. This 2-in-1 purifier and humidifier balances its two functions to perform in rooms up to 30 m2 against pollution, dry air discomfort, harmful gases, particles, bacteria & viruses.

PHILIDS

10

#### **Designed for you**

- 3 auto modes: General, Allergen, and Sleep
- 4 pre-set humidity levels
- Ultra-quiet for a good night's sleep
- Energy and cost efficient, less than 1 kWh per day
- Compact size and easy move around with casters

#### Visual air quality feedback

- Real-time digital display of indoor PM2.5 levels
- IAI display shows risk level of indoor allergens
- Track, monitor and control with your smartphone app
- Real-time digital display of indoor humidity levels

#### Superior performance in rooms up to 30 m2

- Removes 99.97% of particles as small as 0.003 microns
- Hygienic humidification up to 500 ml/h
- Removes bacteria & viruses

# PHILIPS

2-in-1 air purifier and humidifier Auto, Sleep mode & app

### Highlights

#### 2 usage scenarios

Switch between 2-in-1 and Purifier Only modes at the touch of a button. Choose 2-in-1 for cleaner air without dry air discomfort during dry seasons. Purifier Only mode turns off the humidification function when it isn't required.

#### Indoor PM2.5 numerical display

A professional-grade sensor with AeraSense technology accurately detects and quickly respond to even the slightest particle change in the air, providing reassurance with real-time PM2.5 feedback.

#### Indoor air allergen index

AeraSense technology detects your indoor air allergens and displays the potential risk level of the air allergens on a scale from 1 to 12.

#### 3 auto modes

This product has 3 automatic purification settings: General mode, extra-sensitive Allergen mode, and Sleep mode. In Sleep mode, display lights are dimmed and the fan switches to its lowest speed. Choose a mode to optimize performance to suit your needs.

#### 4-level humidity settings

Maintain a constant humidity level with the automatic humidity settings. Choose 40%, 50%, or 60% as your target humidity level, and the humidifier will automatically turn on or off to reach the desired humidity level.

#### **Ultra-quiet operation**

Unique aerodynamic design allows maximum performance with minimal noise. In Sleep mode, it operates in near silence for cleaner, more comfortable air while you sleep.

Low energy consumption

This product is energy and cost efficient, requiring less than 1 kWh per day.

#### **Connected to Clean Home + app**

Using the Clean Home + app you can control your air purifier anywhere, anytime. Check the air quality in the app to get reassurance wherever you are, and to compare your indoor air quality with the outdoor air quality. You can also use the app to change the fan speed and to check the filter status.

#### Compact size, easy move around

The footprint is even smaller than one and half pieces of A4 paper; easily placed in small places. It is also equipped with four casters, which makes it even easier to move around.

### **Specifications**

#### Performance

- Room size: up to 30 m<sup>2</sup>
- CADR (Particle): 250 m<sup>3</sup>/h
- 0.3µm particle removal: 99,97 %
- Ultra fine particle removal: 99.97% as small as 3 nm
- Filters out H1N1 Virus: 99.9 %
- Filters out bacteria: 99.9 %

#### **Features**

- VitaShield IPS
- AeraSense technology
- Air Quality feedback: Numerical
- PM2.5 sensor
- Modes: 3 auto modes
- Aerodynamic design: Back inlet
- Fan speed: 4 manual speed settings
- Child lock
- · Healthy air lock & Alert
- Timer: 1~12 hour(s) Motor: DC

#### **Design and finishing**

- · Color(s): White
- Color of control panel: Black 7 C
- Control panel type: Touch Panel
- Material of main body: ABS

#### **Technical specifications**

- Voltage: 220 V
- Frequency: 50 Hz
- Cord length: 1.8 m

#### Weight and dimensions

- Dimension of product (LxWxH): 396 x 230 x 580
- Dimension of packaging (LxWxH): 446 x 310 x 695 mm

### **Country of origin**

Country of origin: China

#### **Sustainability**

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

#### **Service**

• 2-year guarantee

#### Logistic data

- 12NC code: 8834 729 50010
- EAN F-box: 8710103882916

CADR: tested by third party according to GB/T 18801-2015

C2729/51R1

- \* Humidification rate: Tested by GB/T 23332 in Philips internal climate chamber, 2017. Chamber size 25m2, initial temperature of 20±2°C and relative humidity of 30±3%RH. <sup>6</sup> Microbial Reduction Rate Test conducted at Airmid Healthgroup
- Ltd. tested in a 28.5m3 test chamber contaminated with airborn influenza A(H1N1).
- Prevent spreading white dust or wet spots: Independent third-party test Determination of deposition of minerals from liquid droplets on furniture, according to DIN 44973, IUTA e.V. To determine mineral deposits onto furniture from airborne liquid droplets over a period of 3 hours.
- \* Professional grade sensor: Benchmark with Grim sensor and comparison with industry infra-red sensor. \* Reduce bacteria: Tested by Shanghai Institute of Measurement and
- Testing Technology (SIMT) in 30m3 chamber according to GB21551.3-2010, (Staphylococcus albsp) 8032 as testing bacteria \* Room size: Calculated according to GB/T18801-2015. \* Tested on the filter media with NaCl aerosol, classified at 3nm
- according to DIN71460-1, in 2017 by third party test lab. \* Tested on the filter media with 1 pass efficiency at 5.33cm/s airflow,
- in 2017 by third party test lab. \* Airborne bacteria concentration in a room depends on many factors
- such as air exchange, room size and configuration. Results are based on the release of the bacterium Staphylococcus
- albus from the appliance. Sterilized water spiked with said bacterium was used in the water tanks during the tests. (Filters -if availablewere removed from appliances). \* In a room of 20m²: It is a theoretical time for one-time cleaning
- calculated by dividing its CADR 250m3/h by the room size of 48m3(assuming the room is 20m<sup>2</sup> in floor area and 2.4m in height).
