Messaging Footnotes

¹ HDMI port supports 4K@30Hz and VGA port supports 1080p@60Hz when two ports work individually. When using two monitors at the same time, resolution on both monitors is 1080p and content is same on both. 65W or 90W AC adapter recommended for best operation. Actual product may vary from image shown.

² Actual throughput may vary.

³ Power adapter not included.
