

## MAINSTREAM COMPUTING FOR A VARIETY OF BUSINESS USES

This mainstream ThinkCentre M8 series Tiny offers full desktop performance, connectivity and security features all in a micro form factor.

## ThinkCentre M80q

Smarter  
technology  
for all

Lenovo

Get the speed and performance of a full-size desktop with up to 10th Gen Intel Core i9 processors in a device no bigger than a book. From use in customer-facing environments to managing compute-intensive tasks in the back-office, this micro-desktop can handle most workloads with ease. Optional Intel vPro technology improves advanced threat protection whilst offloading memory scanning resources from the CPU to the integrated GPU.

### REASONS TO BUY

Users can turn on the desktop using a simple keyboard shortcut if the power button is not accessible. For those who multi-task extensively, it supports connection of up to three displays (3rd display requires optional additional video port). Security features include a TPM chip to encrypt sensitive data.

Intelligent cooling design is 20% more efficient than the previous generation Tiny, and offers two modes for different usage scenarios – best performance mode during intensive tasks like data analytics and best experience mode for low-noise cooling during routine workloads.

This device is highly energy-efficient, with Energy Star 8.0 and EPEAT Gold certifications, ensuring businesses save money and reduce environmental impact.

| Ethernet            | Integrated 100/1000M   |

## SECURITY & PRIVACY

Chassis Intrusion Switch  
Kensington Cable Lock  
Kensington lock slot (optional)  
Smart USB protection  
Hardware TPM 2.0

## MANAGEABILITY

Intel vPro, DASH (optional)

## OPTIONAL MECHANICAL PERIPHERALS

Tiny Dust filter  
Tiny I/O expansion box  
Tiny-in-One  
Tiny VESA mount

# Recommended for this device

## ThinkCentre Tiny Under Desk Mount Bracket

Mount a ThinkCentre Tiny PC under a desk with just 4 screws; also requires ThinkCentre Tiny VESA Mount II

Easy access to various ports and control buttons of the ThinkCentre Tiny PC

Also provides space for a ThinkCentre Tiny Storage Unit or other external storage/DVD drive

## ThinkCentre Tiny VESA Mount II

Supports mounting of a ThinkCentre Tiny to the back of VESA-compatible displays

Can be used separately or combined with other options for secure mounting

Simple 4-screw design keeps the device securely attached to the mount

## Premier Support

Talk directly with advanced technical support agents

Support for software & hardware

Next business day onsite repairs
