ICY BOX **IB-HUB1419-C3** USB 3.0 HUB Type-A to 2x Type-C™ and 2x Type-A ports

Quadruple USB power

You want to share your favourite holiday pictures with friends and family? No problem! The USB 3.0 standard makes it possible to transfer data to several devices at the same time at up to 5 Gbit/s - without having to repeatedly plug in different storage media. This not only saves time, but is also very convenient.

Integrated cable

The question of the right connection cable is fortunately obsolete with this hub. No misplacing, no borrowing possible, the cable sits firmly on the hub.

Simple - chic

The clean design made of aluminium makes the IB-HUB1419-C3 particularly light but still robust. With these features, the hub is the ideal companion for on the go. The sandblasted surface gives the housing a high-quality look.
