

# Motion Tracking Phone Mount

Item no.:

134-29

EAN:

5 7 0 5 7 3 0 1 3 4 2 9 6

Sandberg Motion Tracking Webcam 1080P HD is an intelligent phone mount that follows you. The mount itself moves in the direction that you move in. This gives you a fantastic opportunity to create vivid and exciting selfie recordings for social media or online meetings and presentations. The mount has an embedded rechargeable battery, so you don't have to be near from a power outlet. This way you can use it anywhere. For example, you can stream your work out in the garden, or education in the classroom. The clamps of the mount are expandable to almost any size of smartphone. Charging cable included in the box.
