

3100 Series

2.0 Channel Soundbar with Dolby Audio

**60 cm****3100 Series**

Key Features:

Max Audio Power 80W

Dolby Audio

Bluetooth Wireless Music

Stunning sound. Made simple.

Upgrade your TV sound with this super-compact sound bar. Despite its small size, this is a true sound bar with Dolby Audio support, capable of providing a richer and more immersive experience when watching TV, your favorite sports or when enjoying movies. It is a great companion for smaller TVs in secondary rooms or smaller apartments and can easily be connected to your TV's digital optical out with an optical cable.

It also doubles as a compact audio system, supporting wireless music streaming over Bluetooth providing even more entertainment options. The elegant design combines harmoniously with virtually all TVs and thanks to its small footprint, it can easily fit on almost every TV table or shelf.

Product Highlights

**80W
max**

Audio output power in Watt at maximum volume

When you want to be immersed, power does matter. The maximum audio power is what makes your movie or music experience truly immersive. Be moved, every time.

Dolby Audio

The established surround standard for home theater

Dolby Audio, the most widely used surround sound technology, offers a consistent and great surround sound experience in your living room.

Wireless music streaming from your Bluetooth device

Use Bluetooth to turn your sound bar into a powerful music system. Enjoy music with your friends or family.

Specialised sound modes for different content

They will make sure you always get the best possible sound experience no matter if you are just watching TV, a great movie or listening to your favourite music.
